[Tony D] Sing!

{"Yeahhhhhhhh-ahhhhhh.."} - {"Yeahhhh-ayahhh-ahhhh!"}

{"YeahhhhhhhhAyy-ahhhhhh.."} - {"YeahhhhhhAyy-ahhhhhh!"}

[Tony D] I can do that!

{"YeahhhhhhhhAyy-ahhhhhh!"}

[Tony D]

It's time for grillin, mentally killin!

Weak-ass brain cells I'm fillin

UP, but not with gas I use diesel fuel

Yo, the weasels never rule - COOL!

Chill out, take a pill out the pill bottle

Pain killer to the throttle!

Huddle! Dwell about the movin

from the voice Tone puddle, stand in your own

beatdown, you went too FAR in your video

Brothers got hip to the flow

With the quickness, cause that's the way it goes

against the thickness, now everybody knows

[Chorus: repeat 4X]

"Don't fall for the gas line.."

"Don't.. don't.." {\*echoes\*}

[Tony D]

You should've thought about the name of your dancers  
(of your dancers)

Now it's eatin you away like cancer

On the double, trouble is the only thing you're makin

(makin) when your people equal bacon!

You should have KNOWN! You're not the one to try to  
teach

people you can't reach!

Hear me, clearly, you are merely near me

My mind's a wheel try to steer me

but you gotta take the right direction

In the mirror there's no reflection

Cause you're a devil, equal to the level of a zero

Yo, nobody's hero

As time goes on, don't be afraid to learn

Respect that's somethin that you got to earn  
You can't achieve this, by wavin the pucker-up banner  
I hear trouble on the scanner

[Chorus]

[Tony D] Break it down

"Hear ye, hear ye.." -> Flavor Flav (\*repeat 4X\*)

[Tony D]

They say push it to the limit so I push a little harder  
Like a surgeon, remove a part of your dome  
as you tamper with each toy  
But you forgot you were a bleach boy  
I am who I am and that's a fact  
I couldn't be somebody else I wasn't born to act  
That's a statement, made by a couple of friends of  
mine  
So I decided it's time  
To bring back the attack cause you slack and you lack  
potential, which is quite essential  
The word of the third is absurd and unheard  
Facts came out twisted from the mouth of a nerd  
So keep tattlin, there's no need for battlin  
I keep doin what I'm doin while you're rattlin  
So keep hiss'n, and shootin out venom  
to the public, when it's the truth I send them

[Chorus]
