Another Two-Tone production's most definitely in there
for the 90's

Y'knowhatl'msayin? Gotta keep it raw, cause that is
most definitely..

{*scratched: "the way it should be"*}

Yeah, y'knowhatl'msayin? Do it like this - wonderfully
done

[Tony D]

One, more, time I come again with the style and the
fashion

It seems to me that some lost their passion
to create, a new level in your rhymin

Make your rap, like a mountain, and proceed to start
climbin

Higher and higher, reachin the peakin (of perfection)

So damn high no one can break my concentration

Stabbin and jabbin a rhyme into your membrane

Put you in an institution for the mentally insane

Cause you're crazy, lazy, definitely not the one that
pays me

And shit like that, seem to never ever faze me

Never offended because I stay on the offensive

Expensive extensive, never reprehensive

Take back, make that wack rap stay wack

Feedback you hack, is nothin but four clap

And on to the break of dawn of daylight's crack

And in case you're wonderin Troy "got my BACK!"

And I got the front covered with the thickness and the
quickness

Like a bubonic plague, it's a SERIOUS sickness

for me to cut you up and make you bleed in need of
nurses

Cause one must agree I do be droppin funky verses

[Chorus: repeat 4X]

"Funky funky funky funky funky hit records" -> KRS-One

{*scratched - "droppin funky verses"*}

[Tony D]

I do be droppin funky verses nailin suckers with a hammer
But before, I continue I will check with my programmer
See cause suckers are like (??) loves us
And in case you didn't know by the shit is.. "funky enough"

[Interlude: repeat 4X]

{*"won't stop rockin" - Run-D.M.C."*}

{*scratched: "funky enough"*}

[Tony D]

Funky enough, so get your hand off the rewind button
Huffin and puffin but suckers ain't sayin NOTHIN
Talkin and sqwakin, like a bird you do be chirpin
When I'm droppin funky verses it seems feelings I be hurtin
Breakin your teeth off into pieces of a puzzle
Your mouth was open, so I shut it with a muzzle
Rappers come in limos and they leave in hearses
"think about it" - cause I be droppin funky verses

[Chorus]

[Tony D]

I do be droppin funky verses never holdin them inside
I'm releasin when I'm speakin form is perfectly in stride
For the 90's with the (?) with the speed with the agility
Of course on the two turntables Troy has the ability
to slice and dice and chop and grind whatever's on the menu
Cuttin shit up, like an oriental ginnsu
knife slicin dicin choppin wait a minute
"Freeze!" Troy Wonder "if you please"
Drop the beat and let me rock it acapella
Make it clear so they can hear me tell a
gathering of people exactly what's on my mind
You have to be creative in a song (what) when you rhyme
Not just another rap and then a dull-ass hook
It gets, kind of repetitious if you stop and take a look
in the mirror it'd be clearer if you'd practice your rehearses
And stop sellin out, keep on droppin funky verses

[Chorus]
