Touch my hand

Does it feels strange 2 you

If you're my friend

Why'd you stay inside your shell

Take a look outside yourself

Just tell me what you see

Does it still looks like me

Can't find a way to rise again

Find the shade

Flood it with your golden eyes

Before it turns you blind

Not too late

Try 2 make amends inside

Try 2 open your mind

My body hits the dirt

Too late 2 find a cure

Can't find a way to rise again

Jesus, help me

I'm falling, I'm falling down

My thoughts are scattered on the ground

My hope is nowhere 2 be found

I try to 2 hide behind the sun

But where's the new horizon

My eyes are burning in my hand

I try so hard 2 understand

Why I was left behind

Dont't be afraid my friend

I'll take you 2 the end
