Never gonna be in movies  
Except in a back row seat  
Never gonna be the raving beauty  
My momma thought I'd be  
Never gonna write that novel  
Never be a homecoming queen  
Never gonna be a supermodel  
On the cover of a magazine

But all these things don't matter in the light of things to  
come  
'cause baby, you are my moon and I am your sun, oh!

You make me feel like a star, oh baby

And you will shine  
Forever in my heart  
That's why you, yeah you  
You make me feel like

Never gonna be a saint  
But you love me for all I am  
And everything I ain't

You make me feel like a star, oh baby  
You say stay, baby stay  
Just the way you are  
And tell me girl, you're fine  
And you will shine  
Forever in my heart  
That's why you, yeah you  
You make me feel like a star.
