In France, they've got a dance

A feel real crazy dance

A touch of class and a dash of romance

Feel that crazy dance

Boogie woogie dance

Boogie woogie dance

In Spain, they give it a name

A real chic cheeky name

One you know it you're not the same

But you really take a chance

Boogie woogie dance

Boogie woogie dance

In Brazil, they got a pill

A real hard power packed pill

Take one too many you'll feel quite ill

But you really take a change

Do the boogie woogie dance

Boogie woogie dance

Oh dance, get out and dance
