Come Running" by Thin Lizzy

I'm a fool now that it's over

can you guess my name

I make money singin' songs about you

it's my claim to fame

When they say it's over

it's not over, there's still the pain

And I'd come runnin'

I'd come running back to you again

Oh I'd come runnin'

I'd come running back to you again

If I said I was sorry

would you still have leaved me?

I never thought you would go

'till you did

believe me

When they say it's over

it's not over completely

'Cause I'd come runnin'

I'd come running back to you again

Yes I'd come runnin'

I'd come running back to you again

I miss that girl

The show is over, and we must all go home

just leave me by myself

I'll be alright here on my own

If it's all over, it's all over

and I'm all alone

And I'd come runnin'

I'd come running back to you again

Don't you know I'd come runnin'

I'd come running back to you again

Oh my my my my my my my my my my my my my my my my
my my

Oh tra la la la la la la la la la la la la

Oh na na na na na na na na na
