The man finds himself alone for the first time in his life
He's always got a problem, he's got to work it out
wrong or right
He's got to work it out, he's so lonely in the night
He's got to work it all alone

Now who in the world would believe that he's got
another trick up his sleeve
And who in the world wants to know which way should
he go
Which way should he turn? Which way should he learn?
Which day should he stop? Which way to the top?

I remember him when we were friends, when we were
young, way back then
I still can recall when we were small how he tried his
best to warn us all

This living on his own has turned his heart to stone and
it's all pain
He sits out on his own and eats his heart out alone in
the pouring rain
Now who in the world would have know
That just a few years ago his love could have grown
and grown

Through the rain, the sleet and snow
But the rain, the sleet and snow chills the heart and
kills the soul
So the let the cold winds blow
What he doesn't see he doesn't know

I remember him when we were friends, when we were
young, way back then
I recall it all when we were small how he tried his best
to warn us all

I remember it still, I always will when we were friends
way back then

I recall it all when we were small how he tried his best
to warn us all
He said, "Watch out for the danger"
He said, "Watch out"

The man is a winner for the first time in his life
He looks a little thinner but he says "Hey that doesn't
matter"
But if you look closely
You'll see a cold smug self-satisfactory smile behind

And now that he has won it doesn't matter how or which
way it was done
Now that he's in control, revenge is in his heart and
soul
The power is at his fingertips, vengeance is on his lips
But the power he fought to control now has got him in
its grips

I remember him when we were friends, when we were
young, way back then
I recall it all when we were small how he tried his best
to warn us all

I remember it still, I always will when we were friends
way back then
I recall it all when we were small how he tried his best
to warn us all

I remember him when we were friends, when we were
young, way back then
But now we're all grown up and we're strangers
You see, bit by bit, part by part, we slipped and slipped
Till we'd grown apart and now we're strangers
