It's a tedious existence laying your love on the line

Resistance is useless she can leave at any time

I must confess that in my quest I felt depressed and  
restless

But this Casanova's roving days are over more or less

With love

She broke my heart and made me sad

You foolish boy you lost what you had

My Mademoiselle I must make my farewell

You see Senor I know she don't want me no more

I'd like to make that Fraulein mine, mein Fraulein

So I'll depart sweetheart and leave you with this line

With love

She says she won't be back no more

With love

She says she's leaving for sure

My Mademoiselle I'll say farewell

No matter where you are, Au Revoir

'Til we meet again, Auf Wiedersehn

She wrote it on a letter

But it didn't make him feel any better

With love

She says goodbye, adios, farewell

There are those who will spend a lifetime of leisure

'Til the leisure finally takes control

And they'll spend their life in search of pleasure

Never knowing the treasure that they own

There are those who will spend a lifetime in hard labour

'Til the labour breaks both body and soul

And they will learn to love their neighbor

And be assured of what they own
