Come on, come on home
woah oh oh woah oh oh
Come on, come on home
woah oh oh woah

I remember times
we would both sit and laugh
about nothing at all
and the hours would pass (oh)

We could sit and watch
every flick from the store
and the world we'd ignore
money made then we'd be broke

How do we get this back home
How do we get this back oh

Cause I can't do this alone
oh oh oh oh ohhh
I can't do this alone
Baby, come on home
I can't do this alone
oh oh oh oh ohhh
I can't do this alone
Baby, come on home

Come on, come on home
woah oh oh woah oh oh
Come on, come on home
woah oh oh woah oh

I remember when
we first met
on that day
you seem "calm in the crate"
didn't know where i'd met you that

Days when we would spend
every minute alone
they threw sticks and threw stone

but with you
I feel at home

How do we get this back home
How do we get this back oh

Cause I can't do this alone
oh oh oh oh ohhh
I can't do this alone
Baby, come on home
I can't do this alone
oh oh oh oh ohhh
I can't do this alone
Baby, come on home

Come on home

(rap)
I got beats to make, (eh)
a song to remember her (oh)
if you aint here
what is the point my baby (my baby)
you are the music lady

Woahhh

How do we get this back ohhh
How do we get this back

Cause I can't do this alone
oh oh oh oh ohhh
I can't do this alone
Baby, come on home
I can't do this alone
oh oh oh oh ohhh
I can't do this alone
Baby, come on home

Come on, come on home
woah oh woah oh
Come on, come on home
Baby, come on home
Come on, come on home
woah oh woah
Come on, come on home
Baby, come on home
