They used to always give me shit, used to hate upon  
the kid,  
Now they're all up on my dick 'cause they know I do it  
big.

Watch me do it like that, like that, like that.  
Say, watch me do it like that, watch me do it like that.  
They used to always give me shit, used to hate upon  
the kid,  
Now they're all up on my dick 'cause they know I do it  
big.  
Watch me do it like that, like that, like that.  
Say, watch me do it like that, watch me do it like that.

Look, I aint ridin round with that Nina,  
I'm with a blonde bitch named Cristina,  
Trying to put DSLs on my wiener  
While I'm all around in the daddy's beamer.  
I'm a star( a star, a star), fuck this shit, no, I'm not.  
I ain't gotta show up in a parking lot in a nice drop top  
to show that I'm hot  
I'm a dog, no, I'm a tiger, so go ahead, make it nasty.  
I've always been the type to wear rubbers but these  
bitch still call me daddy  
Ain't it funny? I went from nothing to the man,  
Around my town they look, they know I'm from the east  
But I ain't never bound to be down because  
I've got the heart of a giant and I've got the will of tim  
tebow.  
When I'm finally getting my green, says the fuck you  
like I'm Cee Lo  
Dog, I'm chilling out on this speedboat with your bitch  
trying to give me deep throat,  
I'm gonna work it out, dick in the mouth, then I'm  
making on these kimos.  
Fucking bitch.

They used to always give me shit, used to hate upon  
the kid,  
Now they're all up on my dick 'cause they know I do it  
big.  
Watch me do it like that, like that, like that.

Say, watch me do it like that, watch me do it like that.  
They used to always give me shit, used to hate upon  
the kid,  
Now they're all up on my dick 'cause they know I do it  
big.  
Watch me do it like that, like that, like that.  
Say, watch me do it like that, watch me do it like that.

Cold drinks we pour, cold game is for,  
And bitch, I'm on my high horse, call me mister Long  
Rock on on my table, pour the one none stable,  
The future's looking major, homie, she taping all these  
labels.  
It's clear that I'm a winner, she know that I'm a winner,  
I bring her home and stuff her first, she ain't need no  
dinner.  
Riding around, I'm getting it down, drinking so fast that  
my vision is slow,  
This foot for the job, now we're killing the show  
You're seeking for dreams, we're living them, hoe.  
Keep the game, boy, he mad, I'm about to get high.  
'cause why you're playing X Box? Me, I'm in your x box.  
No controller, bro, legs up on the shoulders, though,  
Sex game is a team-team player, she's about to  
overdose.  
Bitch.

They used to always give me shit, used to hate upon  
the kid,  
Now they're all up on my dick 'cause they know I do it  
big.  
Watch me do it like that, like that, like that.  
Say, watch me do it like that, watch me do it like that.  
They used to always give me shit, used to hate upon  
the kid,  
Now they're all up on my dick 'cause they know I do it  
big.  
Watch me do it like that, like that, like that.  
Say, watch me do it like that, watch me do it like that.
