Well I feel a little bit ragged  
My hair all over my face  
I can't get in for my appointment  
With work, I'm running late  
It's been a crazy week

Well I misplaced my car keys  
And my house looks like a mess  
I have a run in my nylons  
And I'm wearing a too tight dress  
It's been a crazy week

And I don't wanna clean the house  
Don't wanna mop the floor  
I don't wanna do this anymore

Well I lost my directions  
And the gauge is low on gas  
Didn't have time to stop at the bank  
To get any cash  
It's been a crazy week  
It's been a crazy week

Play it boys!

Well things have to get better  
This is as bad as it can get  
My plants are yelling for water  
My dog needs to see the vet  
It's been a crazy week  
It's been a crazy week  
It's been a crazy week
