\*Living With A Hernia\* by "Weird" Al Yankovic

All I do is  
Grunt and Groan  
Hurts me to walk anywhere

Went to see my physician  
Dr. Jones  
He took my trousers off  
Told me to cough

The doctor said there ain't nothing  
To discuss  
He said anyday now  
I might have to wear a truss

Living with a hernia  
All the time such aggravation  
Living with a hernia  
Hurts me bad in a tender location  
Living with a hernia  
Have to have an operation

Feels so old  
Now I live with a hernia

Too much back pain  
Good God!  
Drives me insane

Can't bend over  
Barely crawl  
Got a bulge in my  
Intestinal wall

Walk real funny

Bless my soul  
Can't play tennis  
And it's hard to bowl  
You can't even do the splits now (say it)  
Better call it quits now  
Well I'm sick of all this dancing  
Anyhow

Living with a hernia  
All the time, such irritation  
Now I live with a hernia  
Hurts me bad in a tender location  
Living with a hernia  
Have to have an operation

Well you may not be familiar with the common types  
Of hernias that you can get  
So settle down let me clue you in  
There's incomplete  
Epigastric  
Bladder  
Strangulated  
Lumbar's hernia  
Erector's hernia  
Obstructed  
Obliqual  
And Direct!

Living with a hernia  
All the time such irritation  
Living with a hernia  
Hurts me bad in a tender location  
Living with a hernia

I feel bad!
