People on the left side
People on the right
People in the middle
Get caught in the fight
Don't give me an opinion
Give me some proof
I don't want an explanation
I want the truth

There's a crack in the world
And it's widening
There's a crack in the world
I'm falling in

Don't talk about Jesus
With a gun in your hand
Or preach about religion
When you don't understand
Give me freedom
Give me peace
Give me shelter
Give release

There's a crack in the world
And it's widening
There's a crack in the world
I'm falling in
Crack in the world
And it's widening
There's a crack in the world
And I'm falling in

Catch me!
There's a crack in the world
Catch me!
I'm fallin' in
