Long ago you had good life
Nice and cozy with your sweet wife
You never liked her sister
'Till the night you held & kissed her

It's a crime & shame it happens
There's no point to reason much
'Cause you don't care of
If the whole world falls to pieces
That's the crime & shame of love

She was going with your best friend
He saved your when you were children
They were planning to get married
'Till the night you broke her cherry

It's a crime & shame it happens
There's no point to reason much
'Cause you don't care of
If the whole world falls to pieces
That's the crime & shame of love

Crime & Shame
Crime & Shame
Crime & Shame
Of love

Crime & Shame
Crime & Shame
Crime & Shame
Of love
