Exorcism is what I need
Can't stop walking in the dark
Exorcism is what's required
In the fire
Doomed to burn
In my desire

All my life I was a good boy
Never broke the rules
Love is the answer
It's just for fools
Like me
Can't you see
I'm doomed to be
Your walking zombie

Exorcize your funky little demon
Exorcize your funky little demon

There's a knocking at my door
I thought it was the postman
Now that you got me off the floor
Do you wanna dance now
I wanna see the dark side
I take you for a little ride
I'm doomed to be
Your walking zombie

Exorcize your funky little demon
Exorcize yourself
(Exorcism: Mittermeier backwards)

All my life I was a good boy
Never broke the rules
Love is the answer
It's just for fools
... Exorcize me
