How many years have I been traveling
You would think that I'd know
So rancid and so beat
What's worse
I'm loving it

Lady don't leave
I want to stay
If I set you free
Would you come back to me
Oh lady don't leave

To me you're the princess of the world
You're my trip of no return
Without you I'm a no man
With you I'm king of the world

Lady don't leave
I want you to stay
If I set you free
Would you come back to me
Oh lady don't leave

Lady don't leave
I want you to stay
If I set you free
Would you come back to me
Oh Lady don't leave
I want you to stay
If I set you free
Would you come back to me
Oh lady don't leave
