I know you want to tie me down,  
I know you want to drive me around,  
I don't belong,  
I don't belong, to you,

It's not enough to break me down,  
You're not allowed to burn me,  
I'm gonna get away somehow,  
Away somehow,

I know you want, to leave me now,  
I know you want, to breath somehow,  
You don't belong,  
You don't belong to me,

It's not enough to break me down  
You're not allowed to burn me  
I'm gonna get away somehow  
Away somehow

You don't belong,  
You don't belong to me

I know i've got to leave this town,  
I know that you can make me,  
I don't belong to you,

It's not enough to break me down,  
You're not allowed to burn me,  
I'm gonna get away somehow,  
Away somehow,

It's not enough to break me down,  
You're not allowed to burn me,  
I'm gonna get away somehow,  
Away somehow,
