Let go of your love
Ride his pulse and you forget
Slow down your time will come
If not tonight surely by the dawn

Just take it like a man
The strange face of love

A cat's eye, a lizard's tail
The pentagram, he bought in hell
He stalks the night with no intent
His brow sweets for innocence

Take it like a man
The strange face of love

Don't look back, don't look back
He's right on your trail
Don't look back, don't look back
He's just a step away from hell
Don't look back, don't look back
Into the strange face of love

The rain's soul makes kill and cry
He wants desperately to die
But fast and skillfully forgets
He's back on the street with no regrets

Just take it like a man
The strange face of love

Don't look back, don't look back
He's right on your trail
Don't look back, don't look back
He's just a step away from hell
Don't look back, don't look back
Into the strange face of love

Don't look back, don't look back
He's right on your trail
Don't look back, don't look back
He's just a step away from hell

Don't look back, don't look back
Into the strange face of love

Strange face of love
Strange, strange
Strange face of love
Strange
