I know  
There's a million things that I don't know  
This I know for sure

I know  
You say I've got to keep on my toes  
It's hard when they're broken

I know  
You reap what you s  
ow  
Or so I'm told  
I know  
Fortune favors the bold and so I'll go  
Find my pot of gold

But what am I to do with me?  
What would you have me be?  
Your notion seems a little preconceived  
Cause you're pointing out what I've already seen

I know  
There's a million chances I've blown  
I'll probably lose a million more

I know  
I don't know half you know  
Because you told me so

I know

My plane has flown  
Set for parts unknown

But I know  
If I buy what I'm told I'll never own  
More than I'm sold

So what am I to do with me?  
What would you have me be?  
Your notion seems a little preconceived

Cause you're pointing out what I've already seen.

Is there something that I should know?  
Do you have advice that's not on loan?  
Or is this all that you're good for?  
I know that too,

I know  
There's a million things that I don't know

I know  
I don't know half you know  
Because you told me so

I know  
You reap what you sow  
Or so I'm told

I know  
If I buy what I'm told I'll never own  
More than I'm sold
