She thought she had the only key

She thought you only opened up to her, well you see

I don't know why you call it love

She thought she was the brightest light

But someone else was lighting up your life, what I think

I don't know why you call it love

I'm not suspicious, no not me, but I'm not blind

And I'd have to be not to see

Chorus:

Gettin' away with murder, you can love a girl and hurt
her

That's gettin' away with, gettin' away with murder

You can tell a girl you love her, while you're working on
another

That's gettin' away with, gettin' away with murder

You have had to love and run

Two in the hand has left you holding none, and I don't

I don't know how you call it love, no, no

You're not demanding, no not you, you're
understanding

You do what you wanna do

(chorus)

You said she was the only one, but you were cheating
all along

There ought to be a law for what you've done

I got to save you from yourself, I got to stop you from
hurtin' someone else

(chorus repeats out)
