You can't run away forever

but there's nothing wrong with getting a good head
start

You want to shut out the night, you want to shut down
the sun

You want to shut away the pieces of a broken heart

Think of how we'd lay down together

We'd be listening to the radio so loud and so strong

Every golden nugget coming like a gift of the gods

Someone must have blessed us when he gave us those
songs

I treasure your love

I never want to lose it

You've been through the fires of hell

And I know you've got the ashes to prove it

I treasure your love

I want to show you how to use it

You've been through a lot of pain in the dirt

And I know you've got the scars to prove it

Remember everything that I told you

and I'm telling you again that it's true

When you're alone and afraid, and you're complete
amazed

To find there's nothing anybody can do
keep on believing, and you'll discover baby
Ref.: There's always something magic,
there's always something new
And when you really really need it the most
That's when rock and roll dreams come through
The beat is yours forever
The beat is always new
And when you really really need it the most
That's when rock and roll dreams come through
For you
Once upon a time was a backbeat,
once upon a time all the chords came to life
And the angels had guitars even before they had wings
If you hold onto a chorus you can get through the night
Remember everything that I told you
And I'm telling you again that it's true
You're never alone cause you can put on the phones
And let the drummer tell your heart what to do
Keep on believing, and you'll discover baby
Ref.
The beat is yours forever -
- that's when rock and roll dreams come through (5x
