Visit "[Special Girl](#)" on MotoLyrics.com

Into each life a little sunlight wants to shine
Let me tell you fortune life that once was mine

Chorus:

She was a special girl and she meant the world to me
and I gave her everything

When I found her, I'd been looking everywhere
And when I lost her, I was lost beyond despair

(chorus)

Dreams are hard to touch, could it be I love her too
much

(Solo)

(chorus)

Bottom line is she was fine in every way
And it's not with hesitation that I say

(chorus)

Dreams they come and go, but thoughts, like love, will
always grow
