Boy: On a hot summer night would you offer your  
throat to the

wolf with the red roses?

Girl: Will he offer me his mouth?

B: Yes

G: Will he offer me his teeth?

B: Yes

G: Will he offer me his jaws?

B: Yes

G: Will he offer me his hunger?

B: Yes

G: Again, will he offer me his hunger?

B: Yes

G: And will he starve without me?

B: Yes

G: Then does he love me?

B: Yes

G: Yes

B: On a hot summer night would you offer your throat  
to the wolf

with the red roses?

G: Yes

B: I bet you to say that to all the boys.

It was a hot summer night and the beach was burning

There was fog crawling over the sand

When I listened to your heart I hear the whole world  
turning

I see the shooting stars falling through your trembling  
hands

Well, you were licking your lips and your lipstick shining

I was dying just to ask for a taste

Oh, we were lying together in a silver lining

By the light of the moon

You know there's not another moment

Not another moment

Not another moment to waste

You hold me so close that my knees grow weak

But my soul is flying high above the ground

I'm trying to speak but no matter what I do

I just can't seem to make any sound

{Refrain}

And then you took the words right out of my mouth

Oh, it must have been while you were kissing me

You took the words right out of my mouth

Oh, and I swear it's true

I was just about to say I love you, love you

{Refrain}

Now my body is shaking like a wave on the water

And I guess that I'm beginning to grin  
Oh, we're finally alone and we can do what we want to  
The night is young  
And ain't no one gonna know where you  
No one gonna know where you  
No one's gonna know where you've been  
Well, you were licking your lips and your lipstick shining  
I was dying just to ask for a taste  
Oh, we were lying together in a silver lining  
By the light of the moon  
You know there's not another moment to waste  
{Refrain twice}  
And then you took the words right out of my mouth  
It must have been while you were kissing me  
{8X}  
And then you took the words right out of my mouth  
Oh, it must have been while you were kissing me  
{Repeat to fade}
