(McNabb)

Fall in love with a sweet young thing,  
Big brown eyes, she had everything,  
Well she broke my heart,  
But she did me no permanent damage

Had a friend who was sinkin' low,  
Takin' all kinds o' things just to get him goin'  
Watched him fall apart,  
But it did me no permanent damage...

Such a crazy world in which we live now,  
Y' gotta understand you don't receive,  
But you always have to give now,  
If I could I'd turn it 'round,  
So the little man gets to see the big man pay

Got a feelin' it won't be too long,  
Till we're singin' a different song,  
They're tryna grind us down but they're  
Doin' no permanent damage
