Am I so conscious mind?  
I see it  
I am entangled again  
Lost in a world of mild

I could see those inner chests so clearly  
Yet as they fall into place  
Am I convinced that they're rolled?

I didn't think I'm ever gonna feel the same  
Cause they're inside your arms  
It felt so right  
How can I let go?

Can't hold the memory  
But can hold still  
Wanna piece to me?  
The night you kept me warm

Cause it gets all better  
Or am I just dreaming  
From everywhere?  
The night you kept me warm

If I ever see it differently  
Then I'll know what's gonna be  
If I'll now keep up consciously  
Believing in me

Generates the blue print  
From my memory  
Playing again and again  
The message has fallen into place

I could see those inner chests so clearly  
Yet as they try to make sense  
I am so unaware

I didn't think I'm ever gonna feel the same  
Cause they're inside your arms  
It felt so right

How can I let go?

Can't hold the memory  
But can hold still  
Wanna piece to me?  
The night you kept me warm

Cause it gets all better  
Or am I just dreaming  
From everywhere?  
The night you kept me warm

If I ever see it differently  
Then I'll know what's gonna be  
If I'll now keep up consciously  
Believing in me

Believing in me
