"Hair Don't Grow"

Dear Lord Jesus,
My eyes wont close
And my hands wont clap
And my hair don't grow

I'm so lonely
My minds gonna go
If I don't find me a friend in the snow
You've taken more than I owe

I want from no one
What I need from you

I've got family, they sing through the fun
They've got a son too spineless,
Scared now to run

Say you love me, and show me some fun
Tell me that life don't weigh a god damn ton
I swear my back's just a drum
