"If my love wasn't here with me tonight
I would leave with you for just a little while
But I love him the same way as I love you now
And I'm sorry I can't be with you tonight

Though I want to hold you in my arms tonight
I wouldn't take the chance cause it won't be right
Maybe when we meet again some other time
Cause tonight I'll only share my love with him

Chorus

So please understand my situation
I love you but I cannot be with you
If I could be in two places at the same time
Believe me I would share my love with you

(Instrumental)

Repeat Chorus

Believe me I would share my love with you (3x)
