John Lodge)

If I could read you like a book

If I could read your second look

If I could be the one you love

The one you're thinking of

I wouldn't need these eyes

I wouldn't need to see

I wouldn't need to hear your voice

Say you love me

If I could stay here for a while

If I could hang on to your smile

If I could turn your loving ways

Upon my lonely days

I wouldn't need these eyes

I wouldn't need to see

I wouldn't need to hear your voice

Say you love me

Say you love me

I tried so hard to find

The reason you came my way

And now I can't believe my eyes

Are you here to stay?

If all the world came falling down

And lay in pieces on the ground

With only darkness from above

If I could touch your love

I wouldn't need these eyes

I wouldn't need to see

I wouldn't need to hear your voice

Say you love me

Say you love me

(Repeat and fade)
