Hey Babe

Hey, babe, say you're mine, all mine.
I need it oh so bad.
Hey, babe. Hey, babe.
I know that all things pass.
Let's try to make this last.

Oh, can you see my love shining for you?
Oh, can you see my love shining for you?

Hey, babe, can I count on you
To see me through?
Hey, babe. Hey, babe.
All I need is your love
And the stars above.

Oh, can you see my love shining for you?
Oh, can you see my love shining for you?

Hey, babe, say you're mine, all mine.
I need it oh so bad.
Hey, babe. Hey, babe.
I know that all things pass.
Let's try to make this last.

Oh, can you see my love shining for you?
Oh, can you see my love shining for you?

Hey, Babe, I know that all things pass.
Let's try to make this last.
