There's a bar hall queen down in Charlotte town.  
(Bite the bullet.)  
I'd sure like to see her when the sun goes down.  
(Bite the bullet.)  
I swear her hair was midnight black.  
(Bite the bullet.)  
And I can't wait till I get back..  
(Bite the bullet.)

[Chorus]

Caroline queen,  
She's a walking love machine.  
I'd like to make her scream,  
When I bite the bullet.

Born and raised at the top of the South.  
(Bite the bullet.)  
You know she knows what it's all about.  
(Bite the bullet.)  
Good old boys are coming from miles around.  
(Bite the bullet.)  
Wanna watch that bullet lay 'em down.  
(Bite the bullet.)

[Chorus]
