Whatever gets you through the night  
That's all right with me  
When it's time to say goodbye  
I have to make you see

You won't know me  
I won't call you  
I won't be there  
To remind you  
What you told me  
When I showed you  
In the morning  
Let me know you'll

Drive back to your old town  
I wanna wake up with no-one around  
Drive back to your old town

If somebody  
Is hunting your mind  
Look in my eyes  
Let me hide you  
From yourself and  
All your old friends  
Every good thing  
Comes to an end

Drive back, drive back, drive back

Drive back to your old town  
I wanna wake up with no-one around

Drive back to your old town.
