Long ago in book of old, before the chapter were
dreams unfold
A battle raged on open page,
Love was a winner there overcoming hate
Like a little girl who couldn't wait

[Chorus]

Love and only love will endure
Hate is everything you think it is
Love and only love will break it down
Love and only love, will break it down
Break it down
Break it down

Tomorrow is a long long time if you're a memory
Trying to find piece of mind
Spirit come to me, give strength and set me free
Let me feel the magic in my heart

[Chorus]

(repeat first verse)

Love and only love will endure
Hate is everything you think it is
Love and only love will break it down
Love and only love
