"Touch The Night"

Out on the road the traffic slowed
Down to a crawl
Strobe lights flashin' on the overpass
The tangled steel could not reveal
What no one saw
Or how he walked away without a scratch
He thought of her
And walked along the exit ramp
He touched the night
Between two old street lamps

And ev'ry one will touch the night
And ev'ry one will touch the night
And ev'ry one will touch the night

Image in blue dissolve into
The empty night
Slowly fadin' no one answerin'
She walked away
And left him standing all alone
Between the shadows of his memory
And those who loved and lost
Will know the way it feels
To touch the night
Without the one you love
And ev'ry one will touch the night
And ev'ry one will touch the night
And ev'ry one will touch the night
