I used to carry the weight of the world
On my back
I never trusted my friends or my girl
Can you imagine that
I used to shuffle my feet when I walked
I hung my head down low
Kept to myself all my private thoughts
But when I met you girl

I dropped the weight of the world
Weight of the world
I dropped the weight of the world
Weight of the world

I knew some people used to dance all night
But not me
I never knew if it was wrong or right
To be so free
I used to close my eyes
And try to hide from the light of love
Spent all my time with the darkness inside
But when I met you girl

I dropped the weight of the world
Weight of the world
I dropped the weight of the world
Weight of the world

I was alone for all of my life
I was alone for all of my life
I was alone for all of my life
I was alone for all of my life
Until you came my way
I dropped the weight of the world
Weight of the world
I dropped the weight of the world Weight of the world
