Everything makes me nervous and nothing feels good  
for no reason  
Waking up its really worth it the same dark dread every  
morning  
Senior year, here in Mahwah a new world just around  
the corner  
Leave me behind let me stagnate in a fortress of  
solitude  
Smoking's been okay so far but I need something that  
works faster  
So all I want for Christmas is no feelings no feelings  
now and never again  
There is a face playing all round and red that stretches  
across my mouth  
All for protection nobody gets in and nobody gets out  
I used to look myself in the mirror at the end of  
everyday  
But I took the one thing that made me beautiful and  
threw it away  
I was a river I was a tall tree I was a volcano  
And now I'm asleep on top of a mountain amidst the  
burning snow  
As I surrendered what made me human and what I  
thought was true  
And now there's a robot that lives in my brain he tells  
me what to do

I can't do nothing without his permission that wasn't  
part of the plan  
So now at Rock Ridge Pharmacy I will be waiting for my  
man  
But there is another down in the dungeon who never  
gave up the fight  
And he'll be forever screaming sometimes I hear him  
say on a quiet night

He says

You will always be a loser now

You will always be a loser

You will always be a loser and that's okay
