Give it to me one
Just one more time
Oh Baby let?s get down tonight
Everybody dance and feel allright
Rhythm of the night
Give it to me one
Just one more time
Oh Baby let?s get down tonight
Everybody dance and feel allright
Rhythm of the night

We?re running out of time
Another day in paradise so come on...
And nothing is forbidden
There?s no one who can stop us tonight...give me your
love

Give it to me one
Just one more time
Oh Baby let?s get down tonight
Everybody dance and feel allright
Rhythm of the night

Give it to me one
Just one more time
Oh Baby let?s get down tonight
Everybody dance and feel allright
Rhythm of the night

And my love is in a dream
Can?t believe that it?s real
It?s never knew. It exist
You?re the one for me
It?s the bittem of the night
It will catch you any time
Give me once give me twice
Your love

I can see it in your eyes
But there?s no time for fullish bright
Your come on...

If you wanna feel the sun
Than just hang on to this love deep inside
Inside your heart

Give it to me one
Just one more time
Oh Baby let's get down tonight
Everybody dance and feel alright
Rhythm of the night

Give it to me one
Just one more time
Oh Baby let's get down tonight
Everybody dance and feel alright
Rhythm of the night

And my love is in a dream
Can't believe that it's real
It's never knew. It exist
You're the one for me
It's the bittem of the night
It will catch you any time
Give me once give me twice
Your love
