

Titus Andronicus

"Temple Bar"

There's gonna be mist
Way beyond the tide
Is there gonna be
More time for us?

What do I talk to God for
Only if you listen
Yes, I'll tell you
In some corner down at Temple Bar

For us only
From Grafton to Ormond Quay
You'll recall
The time when I loved you

What do I cry to God for
I'll tell you
When I'll get back
With you to Temple bar

I'll hold you a bit
Like I did that time at Temple Bar
And I'll steal from you
A soft "I love you" and then
Resentment and dismay
Rage and the wind
They scream...about
Do you ever think back...to us
In the mist of Temple Bar
