Am I happy - maybe not  
But I never wanna lose what I got  
I wouldn't trade it for anything dear to my heart, oh no

You take the good times with the bad  
How else would you know happy from sad  
Sooner or later  
You're gonna have to finally look back

And you'll look back and see  
What happened in between  
And you'll appreciate  
Each and every single day

\*The pop of the cork  
And the cling of the glasses  
We toast to the future  
And we drink to the past  
It might not be easy  
But nevertheless  
These are the best days (of our lives)

Sometimes the weather can be rain  
But one day it will be sunny again  
Without the clouds of life  
It's just another sunny day

Repeat\*

These are the times  
That I will never forget  
These are the best days (of our lives)

And you'll look back and see  
What happened in between  
And you'll appreciate  
Each and every single day

Repeat\*

It might not be easy

But nevertheless  
These are the best days (of our lives.)
