I'm standing in the dark
feels like the walls are closing in
I don't know where to go
since i've forgotten where i've been

still it hurts inside
I gotta tell you
wanna let you know
I can't live a lie
gotta get this of my chest

I never meant to tear your world apart
I never meant to break another heart
I've traded a moments bliss
for the price of our happiness
I didn't wanna mess things up again
I never meant to cheat and hurt a friend
I've traded a moments bliss
for the price of our happiness

I'm standing all alone
I watch you move
I hear you laugh
can't escape my faith
it catches up, it hunts me down

still it hurts inside
I gotta tell you
wanna let you know
I can't live a lie
gotta get this of my chest

I never meant to tear your world apart
I never meant to break another heart
I've traded a moments bliss
for the price of our happiness
I didn't wanna mess things up again
I never meant to cheat and hurt a friend
I've traded a moments bliss
for the price of our happiness

our happiness
for the price of our happiness
yeah

I never meant to tear your world apart
I never meant to break another heart
I've traded a moments bliss
for the price of our happiness
I didn't wanna mess things up again
I never meant to cheat and hurt a friend
I've traded a moments bliss
for the price of our happiness

break another heart
hey yeah
