Freezing the darkness inside, running through that
thing before me
I won't even hesitate to betray it

The silver god wins
Using his blazing ambition
His icy heart melts...
My Dark Side

Alone, he lies down in the grass to sleep at night
Revenge is in his dreams, sharp as the tip of a knife

I wish to be reborn
And see the difference between birth and death

The flames of rage in my heart subside
My Dark Side

The hungry wind blows away everything but Hell
The tears don't even command strength, only
dependance

The unending memories are destroyed
Battle is the cause of death

To wander through a bleeding heart
My Dark Side

To wander through a bleeding heart
My Dark Side
