With Michelle Visage

Crash here I go, watch the flash
Light as it shines, Bright in the Nite
Rhymes I recite, rhymes that you might
Like, maybe not, in fact I don't really care
So I just came here to get you hyped
I'm like fire, get your body filled with
Desire, start to dance!

(CHORUS)

All together-lets just party
All together-lets have some fun
Knocks me off my feet
Makes me want to get down
To the funky beat, to the funky sound

Crash-Sounds like thunder and lightning
Electricity fire, but exciting
That's the way it sounds To You
Now you Know what you gotta do
Step up, jump up, make a move
Just shake, check out this groove
It's a jam for the underground youth
So what'cha gonna do?

(REPEAT CHORUS)

Crash-she don't need no introduction
The blonde bombshell of seduction

Crash - I'm breakin aint no mistakin
Which One of you is gonna move
As my body starts to groove
I know you're clockin, I feel you watchin
Now it's time for me To start stompin
Vanilla child is coming through

I'm Gonna show you what to do
As TKA drops rhymes with me
Well harmonize in ecstasy
But as you know it's not complete
Til a woman speaks her piece

But it's time for me to go, So yo!

Crash-that's our music
This is it, now it's time to use it
Move, groove, improve
We'll do you miss
And if you like it, you can do this dance
Now get on the floor and give yourself
A Chance thinkin about it?
No doubt about
You can dance
Have fun! that's what we say
When You're slammin with the T the K
And the A!

(REPEAT CHORUS)
