"Precious Love"

She walked out on you and never said goodbye
No note, no warning, no message
She left you so naked your eyes can't even cry

She's gone away like the words that we say
She's gone like the day you first heard her name
She's gone like that day she said she'd love you just
the same!

But you can do no wrong by simply being strong and
keep on keeping on
Cause all the things you do come back to you

If you took your precious love away
I don't think that I could find my way

She 's gone away like a cloud from the sky
And now you say that she filled up you life
So you're lost like a clock that just can't tell the time

You're a hero with no powers no armor
Like a ship with no anchor no water
She disappeared, no idea, you thought that she was
here to stay!

But you can do no wrong if all you had is gone so get
up off the ground
That hurt inside your chest ain't nothing but a test!

If you took your precious love away
I don't think that I could find my way

And she's out of reach
Ran away like a thief
And with a scar so deep
Yeah! She set you free
That's when you told me

If you took your precious love away
I don't think that I could find my way
