Is is that string bikini?
Or the sun that's makin' me hot?
Whatever thing to cool me with baby
They gonna take a hell of a lot
I feel the need for some down home lovin' tonight
Oh I could gonna pretend that I'm your husband
If you'd only pretend you'll be my wife tonight
Yeah

I'll build us a playhouse
Into my bedroom
So you can play the bride baby
While I play the groom
I feel the need for some down home lovin' tonight
Oh I could gonna pretend that I'm your husband
If you'd only pretend you'll be my wife tonight
All right...

You can come on over
There'll be no strings attached
If you like what I'm doin' to you baby
You can always come back
I feel the need for some down home lovin' tonight
Oh I could gonna pretend that I'm your husband
If you'd only pretend you'll be my wife tonight
