La la la la la

La la la la la la la la la la la la la la la la la

Oh oh oh oh

Chorus:

It's not that serious

I never put that much thought into us

It wasn't that I loved you, I was curious

Who did you think that you were involved with?

Now baby you should know it's not that serious

How could you tell me that you love me when I knew
you

Were just tryin' to play me but you're the fool

Cuz I know how to switch the game up on you

And in the end I know who will lose

I've played this game before

I can't play no more

What do you take me for?

It's not what you thought

Don't play games with me

Cuz I came to teach

And if you want to cheat

It won't be with me

Chorus

It should concern you

That I'm always one step ahead of you

So that should let you know that what you do

I have done before, it's nothing new

So run those games on someone who can be fooled

I can almost see

Lies coming through your teeth

In every word you speak

You make it clear to me

That you're playin' wrong

And your game ain't strong

I've been in this too long

So just be movin' on

Chorus (2x)

(Spanish Lab)

Don't, play games, with my, heart

I will, let you go, before, you start

Chorus (2x)
