I can't wait, wanna see  
How this night is gonna be  
Just touch away  
From feelin' forever, baby  
Our love will stand the test of time  
And in the middle of our world  
I'll be waiting for you to be all mine

We're walkin' on sunshine  
In the middle of the night  
And it feels like I'm somewhere  
Above the sky, I, I, I

Take my hand and close your eyes  
Say the sweet little things  
That make me cry  
Catch my tears with a kiss  
These special moments do exist  
We can make it last forever, baby  
Our love will stand the test of time  
And in the middle of our world  
I'll be waiting for you to be all mine

We're walkin' on sunshine  
In the middle of the night  
And it feels like I'm somewhere  
Above the sky, I, I, I

It'll take much more than a lifetime  
Baby, for this love to end  
And it feels so good to know  
That we are here in love again
