it's all pain and it's all tears  
it's all chaos and it's all fears  
it's all sin it's the feeling that I'm not alive  
I'm afraid to face my fate  
misery sorrow and hate  
despair lives on lives in everything

despair lives on and on  
lives in everything  
life's just a pain that I'll go through

it's all pain and it's all tears  
it's all chaos and it's all fears  
it's all sin it's the feeling that I'm not alive  
I'm afraid to face my fate  
misery sorrow and hate  
despair lives on lives in everything

despair lives on and on lives in everything  
life's just a pain that I'll go through
