I think it was true when someone said
Happiness fades away fatser than pain
But you fools, you're breathing lies
Your sweet lies
You're looking for something you cannot get
Your hearts are lost in the vale of hope
Desperately you are waiting for
A miracle

But who'll catch you
When you falls?
No-one's there, you'll fall and you'll fall
You'll die with your sins
And then you're alone
Where is your god when things go wrong?
Again he leaves you alone
But still you fool
You believe he'll save you

With your religion you think you're saved
And blessed blood runs in your veins
Living in fear hoping that you'll find your promised
heaven

You believe that you're better than me?
You believe those lies 'cause you're weak
I didn't find my peace but I can tell
I'm stronger than you!
