

To Die For

We're all children until the end
We're drifting around with the fire in our eyes
We barely see the road behind these flames
Where the road turns and where it ends
Beautiful things will turn to rust
Meadow of roses is unreal

My brother - my brother!
We're from the same blood
I'm with you where ever you are
My friend - where ever you are my friend

With our insatiable hearts
We're still here and you are the star

Beautiful things will turn to rust
Meadow of roses is unreal
We barely see the road behind these flames
Where the road turns and where it ends

Yet comes a day when we'll meet again
Someday, somewhere...
Somehow
