Where ever you will fall  
I'll be there I will follow  
Never let you fall alone

We thought we bled all we had  
But out momentary joy was a lie  
And heavenly moments never last  
In the grave of our souls hope lies buried  
Wasting time in our sweet wicked circle  
Life's just a pain we go through  
With broken wings me and you

No salvation in view  
No angels on our shoulders  
Only wolves howling beyond our walls

We thought we bled all we had  
But out momentary joy was a lie  
And heavenly moments never last  
In the grave of our souls hope lies buried  
Wasting time in our sweet wicked circle  
Life's just a pain we go through  
With broken wings me and you  
There's no way out
