My mind wanders as I'm trying not to fall in love with  
you  
'Cause every time I awake I ponder on my mistakes of  
What I said, it is always my esteem that I sure lose  
Playing those stupid games as I always end up chasing  
you

I can't help myself anymore  
Rehearsing my thoughts as I'm too scared to come to  
your door  
I pushed it all aside just to stand next to you  
But now you won't talk to me for something that I didn't  
do

It's not gonna work

And I'm trying not to think of you  
I'm all confused as I think of the things that I would do  
I'm all shook up as I get all nervous inside  
My emotions are something that I will always hide
